

Dr. Stacey Cha Joins Dental Aid

New addition to Dental Aid team enlarges their ability to deliver quality care to the area's under and uninsured.

Lafayette, CO — January 26, 2016 — Dental Aid, Inc. is pleased to announce Dr. Stacey Cha has joined their staff to provide general dentistry to patients at the Louisville clinic. Dental Aid, Inc. provides affordable, compassionate, high quality dental care and education to the uninsured and low-income residents of Broomfield and Boulder counties. Its clinics are located in Louisville, Longmont, and Boulder, CO.

Dr. Cha graduated in 2015 from Tufts University School of Dental Medicine. She was awarded Tuft's excellence in endodontics (root canals) award. Dr. Cha received one of the highest honors attainable in dentistry when she was inducted into Omicron Kappa Upsilon, a National Dental Honor Society. She also received recognition as a Merit Scholar.

“We are excited to have Dr. Cha join our staff,” stated Dennis Lewis, president and CEO of Dental Aid, Inc. “Her knowledge in the field of general dentistry and endodontics will support our mission to provide high quality dentistry to the underserved population in our area.”

About Dental Aid

Dental Aid provides compassionate, affordable, high quality dental care and education to low-income and uninsured residents of Colorado's Boulder and Broomfield counties.

The long term clinical focus of Dental Aid follows a chronic disease management model directed at prevention, education and treatment in the early stages of disease. In addition to direct clinical care, Dental Aid prioritizes education and outreach to high-risk patients including:

- Families and children of all ages
- Pregnant women
- People with chronic diseases such as diabetes, heart disease and HIV/AIDS
- People with physical, mental or emotional disabilities

Dental Aid was one of the first stand-alone, nonprofit, complete-care dental clinics in the U.S. The organization was founded in 1974 as a referral organization and opened its first full-service clinic in 1980. Today, Dental Aid provides dental care to more than 8,000 children and adults annually. It provides services through three clinics (Boulder, Longmont and Louisville, CO) and a satellite clinic at the Boulder Shelter for the Homeless. In addition, portable dental equipment is used to bring dental care to the homebound or those living in long term care facilities. For more information, visit www.dentalaid.org.
