

Dr. Zachary Xavier Van Hilsen Joins Dental Aid

Latest addition to Dental Aid team strengthens clinic's ability to deliver quality dental care to the area's under and uninsured.

Louisville, CO — September 15, 2016 – Dental Aid, Inc. is pleased to announce that Dr. Zachary Van Hilsen has joined their staff as a pediatric dentist and anesthesiologist. Dental Aid specializes in providing affordable, high quality dental care and education to the low-income and uninsured residents of Colorado's Boulder and Broomfield counties. Its clinics are located in Boulder, Longmont and Louisville, CO.

Dr. Van Hilsen graduated from the University of the Pacific, Arthur A. Dugoni School of Dentistry. Additionally, he completed a Pediatric Dental residency at the University of Minnesota and anesthesia training at The Ohio State University. Prior to joining Dental Aid, Dr. Van Hilsen time in private practice including two years treating low income and special needs patients with extensive dental issues in El Paso, TX.

"We are delighted to welcome Dr. Van Hilsen to our staff," said Dennis Lewis, president and CEO, Dental Aid, Inc. "His background and experience aligns extremely well with Dental Aid's mission. We're excited to have someone with his skills and passion for helping the underserved on our team!"

About Dental Aid

Dental Aid provides compassionate, affordable, high quality dental care and education to low-income and uninsured residents of Colorado's Boulder and Broomfield counties.

The long term clinical focus of Dental Aid follows a chronic disease management model directed at prevention, education and treatment in the early stages of disease. In addition to direct clinical care, Dental Aid prioritizes education and outreach to high-risk patients including:

- Families and children of all ages
- Pregnant women
- People with chronic diseases such as diabetes, heart disease and HIV/AIDS
- People with physical, mental or emotional disabilities

Dental Aid was one of the first stand-alone, nonprofit, complete-care dental clinics in the U.S. The organization was founded in 1974 as a referral organization and opened its first full-service clinic in 1980. Today, Dental Aid provides dental care to more than 8,000 children and adults annually. It provides services through three clinics (Boulder, Longmont and Louisville, CO) and a satellite clinic at the Boulder Shelter for the Homeless. In addition, portable dental equipment is used to bring dental care to the homebound or those living in long term care facilities. For more information, visit www.dentalaid.org.
