Dental Aid was one of the first stand-alone, nonprofit, complete-care dental clinics in the U.S. The organization was founded in 1974 as a referral organization and opened its first full-service clinic in 1980. Today, Dental Aid provides dental care to more than 8,000 children and adults annually. It provides services through three clinics (Boulder, Longmont and Louisville, CO) and a satellite clinic at the Boulder Shelter for the Homeless. In addition, portable dental equipment is used to bring dental care to the homebound or those living in long term care facilities. For more information, visit www.dentalaid.org.
